MEMORANDUM FOR: Executive Secretary, Economic Intelligence  
Committee

SUBJECT: Release of Intelligence (Data from R-14 Series  
and Biweekly Items) to [REDACTED]

The primary contributors of substantive reporting for the R-14 Series and the Biweekly Reports have been queried re the release of the non-sanitized versions of these reports to the [REDACTED]. In view of the problem of controlling dissemination of this information, the group recommends that release be restricted to the sanitized version of the R-14 series and the items in the Biweekly Reports not classified "NO FOREIGN DISSEM." Care will be taken to insure that items of lower classification but which might be contrary to the interests of the US or friendly foreign governments will bear the "NO FOREIGN DISSEM" classification.
